								3.8454	4.6022	.4038
								6.2655	6.9467	.2486
								4.4261		

Yes I am still alive and fairly well. As you know have been gone to US Nationals and the NCCWAVA Regional Championships. Here is a sample of what I am preparing for the Combined Events Scoring Book. Can you help me with the Spanish and French words for Decathlon and Age grading in all three languages. I am preparing similar tables for Heptathlon, Indoor and Outdoor Pentathlons for both men and women and Indoor Heptathlon for men. Note two entries for M30 Hurdles-a satisfactory solution?

Concerning the authorizing of money for a preliminary marketing study. I have many questions about what is to be done. It seems like a lot of money and with no guarantees. However, I must trust that you and Cesare have considered all of those obvious things and that you will fill us all in later. I therefore vote affirmative as you requested. You would not have recommended it had you not been prepared to defend it.

Rex Harvey
