Fred Barton
Registration Chairman
SCA/TAC
15807 Hill St.
La Puente CA 91744

Dear Fred:

Enclosed is a sanction application for our August 23 meet.

As usual, I'm confused by the procedures:

1) There doesn't seem to be any place on the form for the approval of the local Sports Committee Chairman, as on the old forms.

2) It asks the meet director to list the fees paid, but I thought the Sports Chairman determined the fees.

Since I'm both the Sports Committee Chairman and the meet director, we should be able to cut through the red tape quickly.

3) There isn't any spot on the form for an estimate of how many people will be competing. Thus, how is the "insurance fee" (called "sanction fee") determined.

I'll assume the sanction fee will be the usual $25, plus $100 for officials, plus $25 "insurance fee" (based on 101-250 expected participants, for a total of $150. If you agree, let me know and I'll pay it.

By the way, there is still great confusion on the officials procedures. In today's masters meet in Irvine, the Orange County official, Bill O'Rourke, told me no one notified him of the meet. He said he's the one who assigns officials to all Orange County meets. Yet Herman said he sent 311 notices months ago, and received seven acceptances. He seems unaware of Bill's views. I don't think Dave Lewis, the meet director, will be pleased in having paid $100 for officials and only seven showing up -- if they all do show up. I would hate to go through the same experience in August. Maybe we should only charge a meet director $50 for officials, up front, and another $50, if a dozen or show actually showed.

ASSOCIATION OFFICE COPY — PART 1
Hi Al,

Sorry I haven't replied earlier on the August 23 meet you are putting on, I have been waiting for a reply from TAC/USA on some of the questions you raised. As yet I have not heard from them but will communicate with you as soon as I do. Being the TAC/USA we expect a lot from them and I feel they have done well with the National Sanction bit but the form leaves a lot to be desired from our level, as you point out.

In the next couple of days I hope to have out some suggested dates for the Registration Committee to meet next year, as required by our By Laws, the summary of my letter to TAC/USA and some suggested procedures for securing a sanction under the new rules. Your comment on the Officials is well taken and has been faced by other meet organizers. In talking to Herman I get the feeling they are still getting their feet under them with the death of Andy, but for everyones sake it needs to get done soon.

I agree upon a total of $150.00 for your August 23 meet, please send it on to Florence. I have sent your application to her to be typed on the numbered form required.

Good doing business with you

Fred
Al

I passed these out at the meeting Wednesday night, sorry you could not make it.

Perhaps my suggested procedure will help close the gap until we can discuss it at the Registration Committee meeting in September. Our biggest problem will be the applicant to get the paper work and check in at least a month in advance, with all of us working on it perhaps the message will get around. You had a question on where the number of entries will be listed, the space is on page two, bottom of the page in the boxed area.

To summarize, they make out the working sheet, like the one enclosed, return it to you with the check and you OK and send to the office. At the office Florence will type out the form to be sent to USA, it looks just like the one enclosed.

Bob has asked me to be Registration Chairman, and I have said 'yes'. It's been great working with you, if I can help please let me know. All records will now be at the office, I am not working out of my house any more. I will be out of town July and August and Bob Hickey is going to carry on in the registration area.

Have a good summer
TAC NOTICE #86-8

2 May 1986

To: Association Registration Chairmen
    Association Presidents

From: Ollan C. Cassell, Executive Director
       Barbara A. Rush, Controller

Subject: Liability Insurance and Sanctioning

As was indicated in TAC Notice 86-6, we have revised the TAC/USA local Sanctioning form. The Non-member and Automatic Sanction form has been combined into one form. This form has been reviewed by National Registration Chairman, Susan Ross, and Association Officers Chairman, Ray Vandersteen. Twenty copies of the form are enclosed with this notice to each Registration Chairman. A photo-copy is attached to those individuals copied on this notice.

The forms are pre-numbered in the lower right-hand corner. This number is a control number assigned by the National Office and should not be confused with the Sanction Number which you will continue to assign as in the past. A record is maintained of all sanction form numbers issued to each Association. You are responsible for each form issued to you. Every sanction form must be returned to the National Office. If a mistake is made, the form should be marked "VOID" and all three copies returned to the National Office. Failure to return National Office copies of sanctions may result in penalties to the Association.

If it is necessary to send copies of sanctions out to individuals who may not necessarily use it, we recommend that you make several photo-copies of the form and send a photo-copy to the applicant. If an actual sanction is applied for, you can rewrite it on the 3-part form. You should keep the photo-copy original since it will have the applicant's signature.

A reporting form is attached for reporting sanctions to the National Office. This reporting form should be filed weekly if you have issued any sanctions that need to be reported. National Sanctioning Fees must accompany the report. If you have not yet collected the fee, please hold onto the sanction form until you can send the fee. In all cases, however, all sanctions must be reported with appropriate fees within 30 days after the event takes place. Failure to report a sanction within this time-frame may result in penalties to the Association.

National Sanctions will continue to be handled in the same manner as before, with the exception that the National Sanctioning Fee must accompany the Sanction application. The meet or race director should make the check payable to The Athletics Congress. If the event is unable to make the
payment, you should contact John Jackson for special arrangements. However, this should only be done in extreme hardship situations.

When collecting the fee from the event director, we leave the method up to the individual Association. You may have the check made payable to your Association and deposit it in your Association bank account and then write one check to The Athletics Congress on a weekly basis. Or you may elect to have the event make the check payable to The Athletics Congress and you will forward that check to us with the application. The second method may prove easier for you, but the choice is yours.

As was stated in TAC Notice 86-6, you must use the attached pre-printed forms for sanctions to be valid. The effective date for the use of the new sanction is May 15, 1986. You may use the new form prior to that date. After May 15, 1986, all sanctions must be on the new forms. If you have already issued a sanction for an event occurring after May 15, you should re-issue it on the new form.

As in the past, Certificates of Insurance for events will be issued by Marsh & McLennan. Some procedures and policies have changed however. All requests for Certificates will be made through the National Office. No requests should be sent directly to Marsh & McLennan. As indicated in TAC Notice 86-6, Certificates for club practices will be issued at a charge of $15.00. All requests for Certificates of Insurance must be sent to the National Office at least three weeks before the Certificate is required. Otherwise, there may not be sufficient lead time to properly process the request. We will be unable to accommodate last minute or special coverage and wording requests.

Under this new program, all events must pay the National Sanctioning Fee. We will not accept the event's Certificate of Insurance in lieu of the National Sanctioning Fee. This is necessary for two major reasons. First a majority of the Certificates that were received under the previous program were not acceptable and required substantial follow up time. Secondly, the whole philosophy of this program is that all events must co-operate to make this a viable program. The National Sanctioning Fee is for more than just insurance coverage.

As with any new or amended program, we anticipate that there will be a few snags in this. If you have any questions about these procedures, please do not hesitate to call our Member Services office.

This Notice does not supercede the provisions of the memorandum of April 21 from Marty Weiss to TAC's Youth Athletics Chairman as regards the Junior Olympics program. The Sanction Addendum from that memorandum is still required for JO Sanctions, but only for JO Sanctions.

For those of you holding Association Manuals, a formal Revision will follow in the near future.

Highlights of the National TAC Sanction

1. For most of us this will be the only form we will use from now on, we can throw all others away.

2. Since it goes to Indianapolis for approval the request should leave our office a month in advance of the event date, a must if they wish Certificates of Insurance.

3. When we submit an application it must be on the numbered form sent us by TAC/USA. The applicant will make out a photo 'working copy' to send to the chairperson. (Item 3) The 'working copy' is sent to our office where we will type it on the numbered copy and forward to TAC/USA.

4. Certificates of Insurance from other companies cannot be accepted, the applicant must pay the National fee to receive a sanction.

5. Chairpeople should fill in the right hand area on page 2 of the sanction request, much like you did on the old forms. Example: $50. SCA Sanction $50, National $100. If you don't put down your SCA/TAC fee none will be charged.

6. If the Chairpeople will require the check to be attached to the application it will be a smoother operation than in the past. we must have the check anyway before we can send the application to TAC/USA.
**Securing a National TAC Sanction**

1. Applicant secures 'Working Application' from TAC/SCA office. (Anyone could secure one, Chairpeople could keep a supply on hand.)

2. Applicant contacts proper chairperson to get proper local TAC/SCA sanction fee.

3. Completed sanction application is sent to the proper chairperson at least one month prior to the event. Check for the National Sanction fee, local sanction fee and the Officials fee (if applicable) must be attached to the application.

4. Chairperson will approve/disapprove the application and send to the TAC/SCA office.

5. Application will be typed and sent to TAC/USA after complete processing.

**Special Rates**

1. Junior Olympics preliminary meets will be required to pay no more than $25.00 per meet.

2. Series of events may elect to pay per event or for total number of entrants. By definition, a Series is more than three scheduled events at the exact same location and under the same meet management. Entrants in this case are the number of entrants in each meet. That is, if one person participates each week, he is counted for each week he enters.

3. Dual events on one day may elect to pay the fee based on total entrants. That is, if a club holds a 10k at 8:00 and a 5k at 9:30, it can be considered as one event.

4. Except for 2. and 3. above, an entrant is defined as an individual who enters into the meet, regardless of the number of times he competes.

5. An event with paid attendance greater than 7,500 will pay at least $1,000.00. If the event falls into a higher fee category based on entrants, it would be liable for the higher fee.
