Bruce:

Your guidelines look excellent.

I've enclosed a couple of things I've accumulated over the years, which you may want to incorporate into your guidelines.

1) Supplies needed. This is probably second-nature to you, but, when I did the age-hcp meet, I started from scratch, and found that I needed a hell of a lot of items. I wrote them all down, so I don't forget next year.

2) Check List of Items Needed on Entry Form. You may not want to get into this much detail, but I found it very helpful in drawing up my form.

3) Guidelines Approved in Reno at the 1981 Convention, most of which never got into the TAC Rule Book. Use whatever you think still applies. Some of it duplicates what you have.

Hope this helps.

GUIDELINES FOR MASTERS LDR CHAMPIONSHIPS

(submitted by Bob and Carole Langenbach Dec. 7, 1985)

I. Bid Procedure

A. Bids shall be made at the Annual Mtg. (Dec. convention) of the Masters LDR Comm. for 2 years in advance. (For example, bids made for '87 were presented and awarded in '85). Any distance not awarded may be bid for at the next convention.

B. Bids must be submitted in writing to the chairman before the presentation (preferably by mail several weeks in advance).

C. In addition to the regular masters national championships, any US Assoc. may bid on the US vs Canada x-c event (usually 10 k). This traditionally is held alternating years in the US and Canada and varies in location from east coast, central area, and west coast (close to the Canadian border).

D. Criteria for selection by the committee:
   1. Geographical and calendar distribution
   2. Certified course
   3. Experienced bidder
   4. Masters only when feasible

II. Rules for the Race

A. Competition
   1. Current TAC card required
   2. Age on day-of-race determines individual's division; minimum age 40 for men and women
   3. Five-yr. age div. for awards up to age 100
      Medals can be procured from:
      - Runner can compete in younger div. as team member or as individual. If he/she runs on younger team, the runner may still compete as an individual in his/her true age div. if both divisions are run simultaneously.
   4. Team competition: maximum of 8 declared entries per team, with the following to score:
      | age group | up to and including 25 km | over 25 km |
      | --- | --- | --- |
      | 40-49 | men 5 | women 3 |
      |  | 5 | 3 |
      | 50-59 | 3 | 3 |
      | 60-69 | 3 | 3 |
      | 70+ | 3 | 3 |
   5. National Clubs are not eligible to compete in national masters championships as a team. (Operating Rule 11.a.1.)
   6. Only bona-fide TAC-registered clubs are eligible to compete in team div.

B. Requirements
   1. Race entry fee shall be limited to $_______.
   2. Awards: championship medals to at least the top 3 in each age division, men and women; optional to 6th place. Team medals to the scoring members of the top 3 teams in each div. (40-49, 50-59, 60-69, 70+). Championships patch to winner of each div. and scoring members of each winning team div. Medals may be procured from:
3. Scoring: Team scores shall be determined by totaling the times of all scoring members - low score wins. (See team competition chart)

4. Course must be certified so that records can be set. (road championships)

III. Responsibilities of Race Administrators

A. Planning

1. Race must be advertised (at least listed in the schedule) of National Masters News and TAC's Athletics Record. Preferably, entry information should be sent to each Assoc. through its Masters LDR Chairman to pass along to its members. (See TAC Directory for these contacts) Optional: mail to previous yr's entrants.

2. Keep accurate financial records that can be reported to the national masters ldr chairman after the event.

3. If possible, give financial aid to defending champions, male and female, of as many div. as possible to ensure championship caliber competition.

B. Race administration

1. If the masters championship is part of a larger event, recognize masters competitors on race day with public address system announcements, separate start, separate chute, etc.

2. Distinguish masters competitors in some way (color-coded numbers, special tag on their backs, etc.) during the race so runners know who their age div. competitors are.

3. All finishers' times must be recorded accurately including a dependable back-up select-timing system so that records can be later verified (road events). All road and x-c times should be rounded up to the nearest second (for example: 39:01.1 becomes 39:02 and 39:01.0 becomes 39:01).

4. Send complete masters results to National Masters News: P.O. Box 2372 (in a timely manner) Van Nuys, CA 91404

5. Send complete masters results to NRDC: P.O.Box 42888, Tucson, AZ 85733. Results should include age and home town of competitor in addition to runner's time and place. Keep entry forms after the event in case more info is requested by NRDC, such as date-of-birth of record-maker, his/her address, etc. It is not necessary to send x-c results.

6. If possible, send complete results to all finishers.

7. Send all awards to those athletes who did not receive them at the event.

PENN MUTUAL, TAC NATIONAL MASTERS TRACK & FIELD CHAMPIONSHIPS
Minutes of Masters Track & Field Committee Meetings

by JERRY DONLEY, Secretary
and AL SHEAHEN
Presiding: Masters T&F Chairman Jim Weed

1984 Masters T&F Budget

In 1984, Masters T&F expects an allocation of $10,000 from the TAC general fund, (compared to $5,000 in 1983) to be distributed as follows: Records $500, National Masters News $500, Chairman $1,750, Outdoor Championships $2,500, Indoor Championships $1,750, Committee expenses $1,000, Multi-event championships $500, Regional Championships $1,500.

Awards

Awards for the outstanding 1983 performers went to: Male: Jack Greenwood; Female: Polly Clarke; Administration: Jim Weed; Walkers: Bev LaVeck and John Knifton.

In the future, awards to be considered are: Best performance, best performer, best submaster, most outstanding athlete, best multi-event performer, masters athlete of the year (man and woman).

The TAC site-selection sub-committee (Al Sheahen and Pete Mundle) submitted a list of competitors who had outstanding performances in 1983. The Committee accepted the list (published in this issue), and asked the sub-committee to set standards for 1984 awards, and to report back to the Committee, as soon as possible, as to the standards, the nature of the awards, and the manner of presentation.

Age-Graded Tables

The Committee voted that the Chairman is to spend funds to establish and publish grading tables for all events and ages.

1984 Nationals

AI Tarpenning, meet director for the 1984 TAC National Masters T&F Championships in Eugene, Oregon August 17-19, presented a proposed schedule. A week-long series of events is planned prior to the meet, including:

1) A post-Olympic, international meet;
2) An 8K Fun Run, 3) Social evening and dance for masters and their guests; 4) Travel offerings, events and tours; 5) Low air fares; 6) Housing at reduced rates; 7) A gala reception with special entertainment.

1985 Nationals

Indianapolis was the sole and successful bidder for the 1985 National Masters Championships August 23-25. Brian Kimball, Tom Ristine, Sam Bell and Meet Director Marshall Goss showed a video tape of the extensive commitment which Indianapolis has made to sports. The stadium is first-rate, and is located downtown, within easy walking distance of Howard Johnson's, which has offered a $38 single/$42 double special masters rate, and the Hyatt Regency, $45/$55 special.

Entry fees will be $8 for the first and $2 for additional events. Free transportation will be provided from the airport. There should be no need to rent a car. Howard Johnson's will provide four meeting rooms at no charge. All field events will be in the infield. The track is 9-lane, 48", with a wide 104-degree radius.

Site Selection

Site-Selection Sub-Committee Chairman Nick Winowich presented a site-selection bid form. The Committee agreed it is to be filled out by anyone wishing to host a national championship.

Championship Medals

The rule, adopted in 1982, to award separate "non-championship" medals to foreign competitors in the National Championships, was dropped, 16-9.

Gold, silver and bronze medals will henceforth be awarded to the winners at the Nationals, regardless of residence or citizenship. By unanimous vote, the highest placing American will receive a national championship patch.

National Pentathlon Championships

The National Masters Pentathlon Championship was withdrawn from consideration due to financial considerations. By unanimous vote, the highest placing American will receive a national championship patch.

On Approaching Every Problem With an Open Mouth
by W. MacDONALD MILLER

Marathons, as an old saying goes, come and go. Lately I admit, it seem they are mostly gone. It seemed such a good idea; turning 50 and all that, mounting the one great effort with no holds barred — high mileage, intervals, weight loss, proper diet and topped off with some fine tuning in the weight room. Let’s face it, people do funny things when they reach 50. Hidon throw a surprise birthday party for himself, dressed up in a white top hat and tails and did a dance routine with his two sons. My wife, who beat me so easily to 50, decided to either give up or take up sex, neither of us can remember anymore. Brrak, as everyone knows, decided to take an early retirement from the corporate jungle. To hell with it, buddy, the weather was lousy in Oregon anyway.

In January, my wife went to Florida to play in some amateur golf tournaments. After she’d been away two weeks I called and told her to come home. I was afraid if she stayed any longer we’d do something tacky when she got back and you know how complicated that kind of thing can be. She claimed the piano bar at the Holiday Inn was absolutely dead anyway so, in order to avoid something crazy happening, she came back early. Who can possibly guess what my old pal Phil Mulkey will do when he reaches 50?

Anyway, I had something quite different in mind. I was going to mount my one good marathon. No more of this 2:59:59 with the puke light on during the last six miles and then a great big Gatorade throw-up on the finish line. This time I’d do it right. In my mind it was easy; take it out at 6:45, move it down to 6:40 at 10, hold it there until 20 and then finish with a rush of sub 6:30’s. That’s the stuff 50-year-old marathons are made of.

As recounted earlier in these pages, I had a trial run of sorts on a downhill course in Utah. So it didn’t happen, who cares, there’s nothing happening in Utah anyway. It was a trial balloon so to speak, a part of a much larger plan. The larger plan called for a megaculmination in Phoenix at the Fiesta Bowl Marathon. Fiesta Bowl is a great marathon with few turns and a tasteful downhill presence about it.

I knew Phoenix was more my kind of place as soon as I climbed in the air-port limo and checked out the local FM radio. Once over lightly on the current events, heavy rock tunes and gynecology. They know how to make a guy from Chicago feel right at home. So the people are a little weird about this cowboy stuff, what harm can there be in wearing a few blue rocks and calling it jewelry? I do have reservations as to whether wearing venetian blind rope as necklace will ever catch on in the Ivy League, but again, why not? Guess it takes all kinds, as I’ve said many times, this is what makes our great West great, people from Iowa acting in a way they wouldn’t dare act in Iowa.

Even though I’m in the best condition of my entire career, I can’t afford to leave anything to chance. I contact a friend in Phoenix and ask him to put me in touch with the local 2:55 crowd. I have my own game plan for sure but a little friendship pacing couldn’t be all bad. If word gets back to Ken and Jen Young — so be it. I’m grabbing this time for all I can get.

Speaking of Ken and Jen, something should be done about these poor souls. I’m always reminded of the Gulag Archipelago whenever I read NRDC Newsletter. Working so hard, no doubt in the bowels of some gray computer building. No food, no water, going at an exhaustive pace, doing what, I’m never exactly certain, I think it has to do with certifying the earth. Who cares? They do, dammit! That’s why I support them, in whatever they’re doing, I guess.

Back to pacing. My friend insists he knows just the pace. This guy is so anal he counts steps to the mile and has never been more than a step and a half off in any race in his life. He’s so precise he would win the green eye shade award every year if he was an accountant. His name is Dr. Axelbolt and my friend makes all the arrangements. We’re to meet the morning of the race at 6:45 a.m. at the 6:45 pace slot, sounds good. What I hadn’t planned on was the chaos surrounding the starting area.

The trouble had to do with the before-race deploration process. This race was perfect for deploration because the start was out in the middle of nowhere. No homes or churches and knee high shrubs, just desert and bush on either side of the road for as far as you could see. Problem was, this desert and bush was full of Andy Frain, security guys in police outfits yelling, “You can’t do that here, this is private property! You’re under arrest, sister, and in big trouble.” Like everyone else, I scrambled back on the road and tried to think of alternatives. Porto Johns never quite did it for me.

Suffice to say, after a large coffee and free refill at McDonald’s, I had more important things on my mind than finding Axelbolt. In the midst of all this, you got it, the damn gun went off. I tore off in panic with a game plan that now consisted of don’t lose a shoe in this crowd whatever you do, you’ll never find it.

At one mile, I was 20 seconds off pace and 45 seconds slow at two miles. I couldn’t believe it! All the preparation, all the planning, all the work. It wasn’t happening! An old standard popped immediately into my head — low grade infection, that’s it! No doubt about it. Too bad pal, it happens all the time, even to the best of them. Remember Bill Rodgers at Boston?

Now I’m at 5 miles and figure I’ll drop out at 10 or maybe 15 with severe stomach cramps. Then I remember Axelbolt. What a jerk! Even if I didn’t have this low grade infection that will eventually lead to cramps — what kind of guy says he’ll help you launch a marathon and then takes a duck! When I meet him after the race I’ll let him have a few facts about how much I appreciate his help.

Out of curiosity, I ask a black guy running beside me if he knows what pace he’s running. “Sure do man, cruising pace.” I asked another runner what pace he was on, “Nothing fancy, I’m just trying to break five hours.” I didn’t have the heart to tell him his pace was about two hours quick at the moment. Oh well, there wouldn’t be any reason for a meat wagon if there wasn’t any meat.

About now, a guy comes up on me from behind and I ask him what he’s going for. “About three hours, but I’ll build the pace very gradually.” Mind if I tag along? He sort of sighs a tepid approval. I make two or three further attempts at conversation but nothing comes of it. At a mile split he looks at his watch and says, “Right on the money.” By now I’ve looked the guy over, hawk face, thin, duck foot plant, lime fluorescent socks, Tiger shoes and octagonal Granny glasses. I give it another mile and him another look at his watch before I pop the question, the answer to which I already know.

Are you Axelbolt? “Yes, I am,” he says, not. “Do I know You?” not, “Are you Miller?” not even, “Are you a Doctor too?” Just, “Yes, I am.” Don’t try to kid me, Axelbolt, you know damn well who I am. I’m Marathon Miller, I’m a man who is battling a low grade infection that will eventually lead to cramps and you are a triple jerk.

The conversation doesn’t really get much better, we just keep running those “right on the money” miles. At 10 miles we’re at 2:55 pace, at 15 miles at 2:56 pace and at 20 miles I feel a twinge in my thigh. I coast the last 10K in around 54 minutes. I am totally motivated the last two miles by the old, “I will not walk” trick that only an experienced runner knows how to use effectively.

I still can’t believe a man who has run over 50 marathons, okay so it’s more like 25, could get caught in the dumbest marathon maneuver possible — going out too fast with ego.

Axelbolt! Stuff it! Somewhere, sometime, somehow — I’ll get another crack at you pal, and this time I won’t be burdened by a low grade infection, etc., etc.
should be recorded for all competitors, cross country style, so that the officials can properly place all legal finishers after removing any walkers who may have been disqualified after finishing the race.
