## Submission of Marks

The compilers wish to strongly encourage all readers of *Age Records* to submit all amendments and new marks for the list (all quality performances are of interest, as there is the possibility of the compilation of deep yearly and all-time lists). To submit a mark: Please provide all information possible, including event (with specifics such as weight for different implements or height of hurdles), mark, name of athlete with his birthdate and city and state of residence, site, date and place of competition. For decathlons and pentathlons, the specifications for implements must be included. No special form is required, although a corroborating signature from a witness (other than the athlete and his parents or coach) is desired. Beginning with age-8, marks must be recorded in legitimate competitions, not in time trials or practice sessions.

Send all appropriate information to *Age Records*, Track & Field News, Box 296, Los Altos, Calif. 94022 USA. We regret that we are unable to answer numerous requests about record information during the course of the year. We tabulate the season's results only at the end of the year, then publish *Age Records*, which must stand as the only source of information.

## THREE MILES

5000 meters is roughly 188 yards longer than three miles. Therefore, if a 5000 clocking is faster than one for three at the same age, the metric time is used instead. This is common in Senior records.

## SIX MILES

*10,000 meters is roughly 376 yards longer than six miles. Therefore, if a 10,000 clocking is faster than one for six at the same age, the metric time is used instead. This is common in Senior records.*
