## THURSDAY, APRIL 26, 2001

### Weather:

Noon - 78 degrees, 28% humidity, winds - SW 22mph

3 p.m. - 83 degrees, 24% humidity, winds - SW 28 mph

4 p.m. — 85 degrees, 22% humidity, winds - W, 20 mph

### HEPTATHLON CHAMPION -- Barbara Szlendakova, Iowa State, 5,404 points

Thoughts on going into the final event, the 800, with the lead:

*I think I was going to go all out anyway. I just wanted to go out and do my best. I knew I was first going into the race because the announcer announced it just before the race. I knew only 52 points separated first, second and third places. I knew that if I'd win it, I'd be okay.*

What happened in the long jump?:

*You had to bring that up didn't you (laughing). I came here ready to go and it just didn't happen. I scratched the first two jumps, so the third jump I knew I had to get a mark. I was so far behind the board, I jumped crappy. I was hoping for a better jump. I can usually jump over 20 feet. It was an average jump and was good enough for this competition.*

Thoughts on the win:

*I'm happy that I won. It helped a lot that I had people here with me. This was my first heptathlon of the outdoor season. The next one is conference and I always peak at conference. It was not a disappointment here, but this was just a warm-up meet for me. I also am running in the 4x100 tomorrow and will be long jumping on Saturday. Hopefully it goes a little better this time.*

### DECATHLON CHAMPION -- Kip Janvrin, K&K Track Club, 7,873 points

Thoughts on the win:

*It's always great to win, but I'm more happy that I had some events that were really gratifying. I had my second-fastest all-time 40 (47.94) and I'm 35 years old. I haven't run that fast since 1994.*

Thoughts on running in front of more fans this year in the 1,500 specifically:

*Mark Kostek must be very pleased that it all worked out the way it did with the 1,500 coming right before the start of the events today (Thursday's Distance Carnival). It was nice to run in front of more people.*

How did this win compare to the past 11?:

*Well, winning something 12 times doesn't sound that impressive, but when you consider that it only happens once a year, it sounds a little more impressive. The first time I came here was back in 1985 and I've only missed one year since then. When you think about all the chances there are to screw up in ten events in those 12 years, I'm pleased. The decathlon is all about consistency.*

**Notes:** Kip Janvrin wins his 12<sup>th</sup> Drake Relays career decathlon title. This was his seventh straight Drake Relays decathlon victory. Janvrin's point total was the second best in the world this year, trailing Bryan Clay who accumulated 7,940 points at the Mt. SAC Relays last week.
